MEMORANDUM FOR THE RECORD

25X1 FROM:   
Chief, Intelligence Branch

SUBJECT: Army Deferral to DIA on Coordination of Estimates

1. Because the Army library at Arlington Hall Station (our Army contact for coordination of interdepartmental publications) has no estimates earlier than 1969 in their collection, they, at our suggestion, have decided to defer to DIA in this coordination process. The attached letter confirms that decision.
2. The phrase "National Intelligence Estimates" is intended, according to Mrs. Berk, to include all types of interdepartmental estimates such as the SE, SIE, VIE, and SNIE series. No time frame was specified because our current review stopped at 1965, but Army will expect to pick up its own coordination in 1969, the point at which their holdings begin.
3. As stated in paragraph 2, Army wants to receive all correspondence concerning final action -- either extension of classification or declassification.
